MEDICINAL.

**NO MAN
IS STRONGER
THAN HIS
STOMACH**

When Sandow poses and the muscles ridge his back and knot his arms, we think we have before us the very secret of strength in those magnificent muscles. But we haven't. Starve Sandow, or what is practically the same thing, let him be dyspeptic, and his muscle would soon fail. Strength is made from food properly digested and assimilated, and no man is stronger than his stomach, because when the stomach is diseased digestion and assimilation are imperfect. Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect digestion and assimilation of food so that the body is nourished into perfect health and strength.

"I had what my physician called indigestion. He gave me medicine for the trouble but it did me no good," writes Mr. W. H. Wells, of Wilford, N. C. "I wrote to Dr. Pierce and stated my case. He sent me a descriptive list and by following the directions I carried out these as best I could, and commenced taking it. A few days later I noticed a great change. Felt like a new man. Before I began the use of the 'Golden Medical Discovery' I suffered greatly with pain in stomach, my nerves seemed all 'run-down,' and I was very thin in flesh, but now can eat heartily and sleep good at night."

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps. No expense of mailing only. Send for one-cent stamps for the paper-bound book, or thirty-one stamps for the cloth-bound volume. Address Dr. Pierce, Buffalo, N. Y.

RUSSIA AND JAPAN.

It was announced at the Foreign Office in London yesterday afternoon, in regard to the general situation in the Far East and the position created by the continued presence of the Russian forces in Manchuria, that the powers having treaty rights with China affecting their position and that of their subjects in the Chinese Empire, including Manchuria, will require such rights to be maintained unimpaired, whatever arrangements Russia makes with China. If these rights are respected, the British officials consider it improbable that either Japan or any other power will be disposed to thwart Russia's desire to safeguard her special interests in Manchuria, or do anything which may threaten peace in the Far East.

In spite of the reassuring statement of the Foreign Office and Baron Hayashi, the frequent reiteration that hostilities between Russia and Japan are imminent, the mysterious movements of the Russian and Japanese fleets and the excited state of public opinion in Japan are beginning to cause disquiet in Great Britain, which, by reason of her alliance with Japan, is so intimately concerned in any action which the latter may take in the Far East.

Special dispatches describe Russian war preparations, etc., and London newspapers, which are intensely interested in the developments, owing to the Anglo-Japanese alliance, are already publishing maps and estimates of the naval and military forces of the prospective belligerents and editorializing on the possibilities of the situation. The greatest attention is paid to the changed tone of Baron Hayashi, the Japanese minister, who is much less confident that peace will be preserved than he was a week ago.

The announcement by M. Lessar, the Russian minister to China, that the Manchurian convention between Russia and China has lapsed is received in Yokohama with ridicule. Dispatches from Chefoo report that a Russian warship and a transport with 500 troops left Port Arthur October 4 for Korea. Sixty Japanese civilians left Port Arthur October 10 for Nagasaki. The Russian forces at Niuchwang are reported to have been increased. General Kodama, the Japanese home minister, has been appointed chief assistant to the military staff. The Premier will assume General Kodama's portfolio.

BLESSINGS OF POPE.

Cardinal Gibbons last night gave out the following translation of the brief of Pope Pius X relative to the Catholic University in Washington, which was brought by his eminence when he returned from his attendance on the conclave:

"To Our Beloved Son, James Cardinal Gibbons, Cardinal Priest of The Holy Roman Church, With the Title of Santa Maria in Trastevere; Archbishop of Baltimore and Chancellor of the Catholic University at Washington.

"Beloved Son: Health and apostolic benediction: 'The condition of the university at Washington has enlisted our deepest sympathy and concern, inasmuch as the report recently submitted by your eminence deposes that its affairs are not altogether so encouraging as we could wish. It is meet that we should follow the example of our predecessor in the furtherance of noble project, more especially such as are of great moment and hold out the promise of large advantage. In this spirit we are pleased to continue, and as far as may be, to increase in the exercise of the apostolic office the interest which we have ever cherished toward this distinguished American foundation.

"Wherefore we learn with genuine satisfaction that the bishops charged with the approval of all others interested in its welfare, that a collection be taken up in all the churches throughout the United States annually for ten years on the first Sunday of Advent or the first convenient Sunday thereafter, with a view of enhancing the dignity and enlarging the influence of this noble seat of learning.

"This plan, the result of their joint deliberations, we consider most beneficial. It is therefore our earnest wish and prayer that all the bishops of the country as well as the faithful who have at heart the progress of learning and religion should labor strenuously for the good of the university.

"That God may be pleased graciously to help this undertaking by his grace, we lovingly import to you and to the faithful committed to your care, the apostolic benediction.

"Given in Rome, at St. Peter's, on the 9th day of September, 1903, the first year of our pontificate.

"PIUS P. P. X."

Uncle Sam says it's all right

Uncle Sam, in the person of ten of his government officials, is always in charge of every department of our distillery. During the entire process of distillation, after the whiskey is stored in barrels in our warehouses, during the seven years it remains there, from the very grain we buy to the whiskey you get, Uncle Sam is constantly on the watch. We dare not take a gallon of our own whiskey from our own warehouse unless he says it's all right. And when he does say so, that whiskey goes direct to you, with all its original strength, richness and flavor, carrying a UNITED STATES REGISTERED DISTILLER'S GUARANTEE OF PURITY AND AGE, and saving the dealers' enormous profits. That's why HAYNER WHISKEY is the best for medicinal purposes. That's why it is preferred for other uses. That's why we have over a quarter of a million satisfied customers. That's why YOU should try it. Your money back if you're not satisfied.
